

Trinity Bay Conservation District

P.O Box 599 Stowell, Texas 77661, Tel (409) 296-3602, Fax (409) 296-1055

NOTICE

Change to Trinity Bay Conservation District's Backflow Prevention Program as of 12-20-2021

Trinity Bay Conservation District has chosen to partner with Vepo, LLC to allow for the online submission of Backflow Prevention Assembly Test and Maintenance Reports. All testing information will be entered directly by the tester into the online password protected system provided by Vepo, LLC. Testers will no longer be able to submit paper test reports directly to TBCD.

If you have any questions, please contact Mike Will at (409) 296-3602.

Thanks,
Mike Will
